2	Blasts at 7:30 a.m., no school all day.
2	Blasts at 11:30 a.m., no afternoon session.
2	Blasts at 7:30 p.m., Fire Department meeting.
1	Blast, water to be shut off in thirty minutes.

NOTICE

Brush fire, chimney fire, and all outside fire alarms are to be telephoned to the Alton operator, who will sound the proper alarm, and notify the proper authorities. This will be done by means of a control box now in the central office. State clearly the nature, extent and location of the fire. By complying with the above much time and property may be saved.

INSTRUCTIONS FOR OPERATING A BOX

Opening a box does not sound alarm: Pull down handle. Anyone sounding alarm to remain at box to direct firemen. Second alarm to be sounded by order of the chief engineer only. Test alarm every day at 12:45. Do not sound alarm unless necessary.

Budget Committee

WARRANT, ALTON, N. H.

To the Inhabitants of the Town of Alton, in the County of Belknap, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Alton on Tuesday, the twelfth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the ensuing year, and to elect a Selectman for three years, one Library Trustee for three years, one Water Commissioner for three years and one Fire Ward for three years.

You are also notified to meet at the said Town Hall at seven thirty o'clock in the afternoon on the same date to act upon the following subjects:

Article 2. To see what sum of money the Town will vote to raise and appropriate to pay all necessary charges of the Town for the ensuing year.

Article 3. To see if the Town will vote to raise and appropriate a sum not to exceed \$8,000 for the purpose of rebuilding and resurfacing with Tarvia the Town gravel roads and Town streets, so called, and to authorized the Selectmen to borrow against the credit of the Town the said amount, on long term notes or bonds.

Article 4. To see what sum of money the Town will vote to raise and appropriate for the repairs of highways and bridges for the ensuing year in addition to that required by law.

Article 5. To see what sum of money the Town will vote to raise and appropriate for the removal of snow from the Town highways for the ensuing year.

Article 6. To see what sum of money the Town will vote to raise and appropriate for the purchase of Tarvia and application of same.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$1,160.85 provided that the State will contribute the sum of \$7,738.97 for Class V roads, so called.

Article 8. To see if the Town will vote to authorized the Selectmen to borrow monies in anticipation of taxes.

Article 9. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Public Library in addition to that required by law.

Article 10. To see what sum of money the Town will vote to raise and appropriate for the decoration of Soldiers' graves.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$611.60, which is 1/100th of 1% of the assessed valuation of the Town to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$159.00 to the New England Guide for the purpose of publicizing and promoting the natural advantages and resources of the Town.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$250.00 for spraying trees along the Town highways.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$350.00 for control of the Dutch Elm disease.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$4,785.00 for band concerts and Summer and Winter activities.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the support of Huggins Hospital at Wolfeboro, New Hampshire.

Article 17. To see if the Town will vote to raise and appro-

priate the sum of \$500.00 for the support of the Laconia Hospital at Laconia, New Hampshire.

Article 18. To see if the Town will vote to raise and appropriate the sum of \$4,680.00 as a salary for the bookkeeper.

Article 19. To see if the Town will vote to raise and appropriate the sum of \$2,800.00 as a salary for the person on duty as operator of the Fire and Police phones.

Article 20. To see if the Town will vote to raise and appropriate the sum of \$900.00 for Civil Defense.

Article 21. To see if the Town will vote to appropriate the sum of \$2,785.00 for the purchase of a combination Police cruiser and ambulance and to authorize the Selectmen to take such sum from uncollected taxes.

Article 22. To see if the Town will vote to appropriate the sum of \$1,600.00 for the purchase of a snow plow complete with attachment and pump for the Highway Department and to authorize the Selectmen to take such sum from uncollected taxes.

Article 23. To see if the Town will vote to raise and appropriate the sum of \$6,300.00 for the purchase of a new Town truck for the Highway Department and to authorize the Selectmen to borrow the above sum of money against the credit of the Town on long term notes.

Article 24. To see if the Town will vote to appropriate the sum of \$1,000.00 for the purchase of the copyright of the History of The Town of Alton as compiled by Barton Griffin and to authorize the Selectmen to take such sum from uncollected taxes.

Article 25. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purchase of land adjacent to the New Fire Station and land adjacent to the dump from the George Wakefield Estate.

Article 26. To see if the Town will vote to raise and appropriate the sum of \$300.00 for the purchase of a right of way to Gilman's Pond in East Alton.

Article 27. To see if the Town will vote to raise and appropriate the sum of \$8,000.00 for rebuilding the public boat docks at Alton Bay and to authorize the Selectmen to borrow the above sum of money against the credit of the Town on long term notes.

Article 28. To see if the Town of Alton will vote to participate in the Urban Planning Assistance Program (701) and to appropriate the sum of \$5,000.00 as the Town's share of the total cost and to authorize the Selectmen to take such sum from uncollected taxes.

Article 29. To see if the Town will vote to authorize and empower the Planning Board to approve or disapprove, in its discretion, plats showing new streets or the widening thereof, or parks, and upon adoption of this article it shall be the duty of the Town Clerk to file with the Registry of Deeds of the Belknap, a certificate or note showing that the said Planning Board has been so authorized, giving the date of authorization, as provided in Sections 19-29 inclusive, Chapter 36 of the New Hampshire Revised Statutes Annotated, 1955.

Article 30. To see if the Town will vote to establish a five man committee, to be elected by the voters present at the 1963 Annual Meeting, said committee to investigate the proper location of the Town dump; to hold at least one public hearing during the month of July or August, 1963, and to report its findings and recommend to the 1964 Town of Alton's Annual Meeting. (By petition)

Article 31. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 for the replacement of the water line on Mitchell Avenue and to authorize the Selectmen to borrow the above sum of money against the credit of the Town on long term notes.

Article 32. To take a sense of the Meeting concerning the

installation of a water line on Beacon Street in the Camp-ground, so called, and improvement of the existing system including the addition of other year round water connections, especially on the Lake Front, at the Alton Bay Campmeeting Association, and to consider the feasibility of the Town of Alton taking over the entire water system of the Alton Bay Campmeeting Association. (By request.)

Article 33. To take a sense of the Meeting concerning the extension of the water line, with hydrants, on Route 11 South to the driveway of the former Dr. Hayes Farm, known as the Geata Irain, or to the driveway of Russell Emerson .(By request.)

Article 34. To hear the reports of agents, auditors, committees or officers here-in-before chosen and to pass any vote relating thereto.

Article 35. To see if the Town will vote to hold future Town meetings in the Alton School Auditorium.

Article 36. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-third day of February, 1963.

Preventing Forest Fires Is Our Responsibility

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control—pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 4 fires.

We burned 100% acres.

Permits issued, 153.

HAROLD E. PRIME,
Forest Fire Warden

ROBERT W. SMITH,
District Fire Chief

POLICE CHIEF'S REPORT FOR 1962

There were 70 reported motor vehicle accidents in the Town of Alton. Following is a breakdown of the general locations and the number of accidents:

REPORT OF AUDITORS

As your duly elected auditors, we have carefully checked the accounts of the town treasurer, town clerk, tax collector, trustees of trust funds, library trustees, water department along with the bank statements of the several departments.

According to the best of our knowledge and belief they are properly vouched and correctly cast and are a true account of the business of the town for the year ending December 31, 1962.

ROBERT A. REINHOLZ
GEORGIA M. GOERTZ

ALTON FIRE DEPARTMENT REPORT 1962

The Fire Department has had a year to remember for a long time. The FIRES this past year have been of great concern to everyone. We have lost a lot of taxable property and a neighbor town a human life. There has been a lot of work done and we are still trying to apprehend those responsible for starting these fires. I hope this never happens again.

The boys who make up the FIRE Department and the Town's people should be very proud of their new Fire Station and two new FIRE TRUCKS. The TRUCKS have passed all tests by the underwriters with flying colors.

The property owners at Alton Bay on both sides of the LAKE and within two miles of the West Alton Fire Station are realizing a great saving on their FIRE insurance costs.

The Fire Department needs some more equipment, some for the new trucks that we hoped to salvage from other trucks and some to supplement our present tools. We are asking for some new equipment this year. Our ALARM system needs to be upgraded very much. Our present system does not adequately alert enough of our men especially at night. We are asking for the necessary equipment to correct this at this time.

With our new station and new trucks as well as some changes in the MUTUAL AID communications setup we need some additional radio equipment. The large area we are protecting and the possibility of multiple FIRES stresses the need of instant and constant communications within and between units of the FIRE DEPARTMENT. We are asking for this equipment this year.

WESTON E. ALDEN,
Fire Chief

ALTON COMMUNITY CENTER BUILDING COMMITTEE REPORT

The building was used extensively this year by 11 organizations and during the year 17 private parties were held.

Combination storm windows have been ordered for the three large windows on the lakeside and the three large windows on the north side of the building, these are being purchased with the monies received from rental of the building.

ALTON WATER WORKS REPORT 1962

The Water System is in good condition at this time. The new well and pump are very satisfactory. The quality and the quantity of water are excellent. We do not put anything into the water for treatment for anything. The water used by the consumers of the Alton Water Works is pure well water and from reports from consumers is well liked. During the six months when the new well is in use the pump only had to run an average of six hours per day to supply all our needs.

The Water Works installed a new main on Mitchell Avenue during the past year including all new services using our own funds with the exception of twenty-five hundred dollars as authorized at the last Town Meeting. We have had sufficient funds to also make all the necessary repairs to the system as needed including new services.

Your Water Commissioners and Selectmen feel that the Town would enjoy an expansion of year round property if the Water Mains were extended to cover more areas for all year water service. This would be a factor in increasing our total valuation to assist in the spending of more monies each year for all services and still keep our favorable tax rate. These projects should be financed by tax revenues as these extensions would benefit all tax payers and not just water consumers.

HERBERT D. CARD,
Superintendent
Alton Water Works

The Alton Bay Campmeeting Ass'n. has contacted the Water Commissioners and wishes to negotiate the absorption of the system now owned and maintained by them but supplied water by us. They would convey to the Alton Water Works all their existing water pipes and water mains as well as the right of access to these lines and the Alton Water Works would agree to maintain and improve these lines and install winter service lines as possible and demand warrants. The Water Works would then collect water rents from each cottage as from any other consumer. We understand that approximately one hundred and eighty five cottages are involved in this useage.

REPORT OF AGENT ON TOWN ROAD PROGRAM

The following was accomplished under the Town Road Program that was initiated in 1961.

1. Starting at Gilman Corner near church at East Alton and extending North to bottom of Drew Hill, so called, a distance of 4200 feet was graveled including driveways a depth of approximately one foot for 900 feet and four to six inches for the rest of the distance. Road is 24 feet wide, has had two coats of asphalt (including driveways).
2. Mitchell Avenue was excavated a distance of 550 feet and graveled to a depth of, in places, two feet to level and bring road high enough for proper drainage. One catch basin and pipe to join to basin on Route 140 for drainage at corner at Alton Manor was emplaced. Forty-six feet of 15 inch cement pipe was used. Lawns had to be raised and also driveways graveled and asphalted. Road bed was then hottopped 18 feet wide.
3. Starting at corner of Mr. McKenney and extending 900 feet east to include property of Franklin Varney, a curved curb was built to protect land owned by Mr.

McKenney. Road was moved North to protect land of abbutters. Road was excavated and graveled and had two coats of asphalt to a width of twenty feet.

4. Some amount of work was done in preparation for hot top around the Town Green—to and including the road in front of Legion Hall.

Respectfully submitted,

Road Agent
Town of Alton

ALTON CIVIL DEFENSE UNIT

The Alton Civil Defense Unit is able to report a moderately successful year for 1962. We are continuing to add to our membership in organized units and are planning the organization of additional units within the scope of Civil Defense as rapidly as personnel is available. A few notes of progress will follow:

1. The Fire Dept.-Alton C.D. Duck vehicle has been refinished and is now housed in the New Alton Fire Station.
2. Members of various units are or will be equipped with the new fiber glass helmets bought with matching funds in 1962.
3. Alton is now in direct contact by radio with State C.D. headquarters through Area (County) control in Laconia and weekly checks are made.
4. Civil Defense Auxiliary Police and communication units are used in all emergencies particularly Fire, under the direction of the Alton Fire Dept. and Alton Police Dept. —particularly in traffic control and added communication and messenger problems.
5. Twelve Alton C.D. members have taken, completed and qualified as State Approved Radiological Monitors and we have obtained the first of our monitoring equipment.

6. Our communication unit has two base stations (citizen band radios), one at the New Fire Station and one at the West Alton Fire Station. This equipment is in full operation and was purchased in 1962.

The Alton Civil Defense is also able to provide 16 mobile units (privately owned) and four 2 meter radios (Government owned)—but intergrated in the Area Control Network for Alton Civil Defense.

Alton was additionally fortunate in being able to co-sponsor with the Red Cross a First Aid Course and we hope this will be but the first of many beneficial courses or programs that Alton residents may be able to have available to them.

Respectfully submitted,

ROBERT A. REINHOLZ,
Director

INFORMATION BOOTH REPORT

In 1957 The Information Booth sponsored by the Alton Bay Chamber of Commerce, and located in the Community House at Alton Bay was opened for three weeks on an experimental basis.

The number of vacationers and tourists who stopped for information far exceeded all expectations. In view of this, the chamber promptly made plans to operate the Information Booth each summer which it still continues to do.

There is an attendant at the booth from 10 until 5:30 P.M., each day, including Sunday during the summer months.

A great deal of material and information is made available for the convenience of those who desire it. This often includes the year round residents as well as our summer people.

Each year many of those who register at the Information Booth come from foreign countries. Some of these are Brazil, Australia, China, England, Ireland, France and Sweden.

Last summer 2981 people signed the register.

GLADYS E. HOWE,
Secretary

Marriages Registered in the Town of Alton, N. H. for the Year Ending December 31, 1962

B. REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Alton: I respectfully submit my second annual report as your Superintendent of Schools.

STAFF

Schools opened in September 1962 with six changes in teaching personnel.

Mrs. Linda Coburn, graduate of the University of New Hampshire was employed to teach language arts grades 7-12, replacing Mr. Angelo Contieri who returned to school to prepare for hospital administration.

Mr. Bruce Coburn, graduate of the University of New Hampshire, was employed to teach social studies grades 7-12, replacing Mr. Donald Jacques who resigned to work on his masters degree.

Mrs. Brenda Morrison, graduate of the University of Vermont, was employed to teach grade two replacing Mrs. Joanne Walker.

Miss Frances Woodard, graduate of Plymouth Teachers College, was employed to teach grade three replacing Mrs. Beulah Larow who accepted a position in Farmington.

Miss Barbara Dyer, graduate of Plymouth Teachers College, was employed to teach grade four replacing Mrs. Frances Milner who accepted a position in Wolfeboro.

Miss Joan Converse, graduate of Berkshire Christian College, Lenox, Massachusetts, was employed to teach grade six replacing Mrs. Mary Waugh who accepted a position in Hampton.

It is indeed a pleasure to reflect upon the quality of our present teaching staff, including both our veteran members and our new comers. This staff is working well together and with the qualifications they have should insure the children of Alton quality teaching.

REPAIRS AND MAINTENANCE

Major projects completed during the summer months included painting the cafeteria and kitchen, and also the trim on the Memorial School building.

The custodial staff continues to keep both buildings in good repair through their special effort and pride in their work.

FINANCES

The school board's proposed budget shows an increase of \$18,879.96 over the current year. This increase can be attributed mainly to the cost of maintaining our approved Comprehensive School rating. The effect of the minimum standards will not be felt quite so much this year as in 1964 when New Durham students will be entering the new Regional School District. Since many people have shown interest in the standards, its effect on Alton's program, and what action the board intends to take in assuring the retention of an approved comprehensive rating I offer the recommendation of the State Department of Education and our proposal to meet the standards for next fall as part of this annual report.

REPORT ON VISIT TO ALTON HIGH SCHOOL

On October 15, 1962 Messrs. C. Paul Quimby and Roland L. Schoepf of the Division of Instruction visited Alton High School. The purpose of the visit was to clarify what action, if any, is necessary to qualify Alton High School as an Approved Comprehensive High School under the new minimum standards which go into effect in September, 1963, and to identify aspects of the school plant and program which might be improved.

ACTION NECESSARY UNDER MINIMUM STANDARDS

From an examination of the program of studies offered in 1962-63, the following courses were designated in the college and non-college curricula, although this listing should not be construed as binding the school to these declarations next year:

- (A) indicates an alternating course, offered every other year.
- ° indicates a course declared for both college preparatory and non-college preparatory students but taught in one division; hence, this would be declared as two preparations for the teacher.

Academic Courses	College Prep	Non-College Prep
English	9-10 combined 1. 9 now 2. 10 (A) 11-12 combined 3. 11 Now 4. 12 (A)	9-10 combined 1. 9 Now 2. 10 (A) 11-12 combined 3. 11 Now 4. 12 (A)
Foreign Languages	1. French I 2. French II 3. French III 4. French IV (anticipated) 5. Latin I 6. Latin II (A)	
Science	1. Biology* 2. Physics 3. Chemistry (A)	1. General Science/Earth Science (A) 2. Biology*
Mathematics	1. Algebra I 2. Geometry 3. Inter. Algebra 4. Trig. & Adv. Algebra	1. General Math 1
Social Studies	1. U. S. History* 2. Sociol.-Cont. Prob. (A) 3. Cons. Ec. (A) Wd. Hist. (A)	1. Civics 2. U. S. History*
Practical Arts Courses		
Business	1. General Business (A) 2. Typing I 3. Typing II 4. Shorthand I 5. Office Practice 6. Bookkeeping I	
Industrial Arts	1. Shop I 2. Shop II (A) 3. Shop III 4. Shop IV (A) 5. Mechanical Drawing	
Homemaking	1. I (A) 2. II 3. III 4. Family Living	
Fine Arts Courses		
Band — ¼ credit		
Chorus — ¼ credit		
Orchestra — No credit		
Arts & Crafts — No credit		
Painting — No credit		

Action which must be taken to meet the minimum standards which become effective in September 1963:

1. A second course in second track mathematics (non-college preparatory) must be added.

2. The number of academic, college-preparatory courses taught in any school year must be no less than seventeen. The existing program indicates that the number of courses offered annually must be increased.

3. The number of second track subjects must be increased in order to provide a minimum of eight in a school year. The addition of another mathematics course in this area would meet this need.

4. At least one course must be taught in art, to be regularly scheduled, taught by a certified teacher, and in an appropriate facility.

5. All teachers must have no more than five preparations in any given day. The present load of four teachers would be in excess of five preparations when present courses are declared as serving both college preparatory and non-college preparatory pupils.

6. Teachers must not be assigned more than six periods of class instruction in any one day. Under the present program, four teachers are responsible for seven periods of instruction on certain days.

7. An examination of the duties of the principal clearly indicates that he is responsible for the supervision of grades 1-12. Under new standards, the principal must devote full time to administrative and supervisory duties. This cannot include guidance, study hall and class assignments for which he is currently responsible. With the addition of six new teachers this year, it is very appropriate that he spend much time actively supervising to the end that improved classroom instruction results.

8. Although the work that has been done in the existing library facility by volunteers is to be commended, there is serious inadequacy in all areas. The new standards require that a librarian with at least 6 semester hours of library science

be on duty at least one period/day. Consideration must be given for additional space for pupils, more shelving and work and storage area for administration and processing. The collection is inadequate and there is no indication that the annual budget at this time is designed to bring the facility to an adequate standard.

9. While the shop facilities appear to be adequate for what is being taught, the courses are too limited in scope to serve as a basis for a four-year program of general shop. At least two more course areas must be added to the program with corresponding physical facilities.

10. Each school that qualifies as an approved high school or approved comprehensive high school must meet minimum standards relative to facilities and equipment. The home economics facility does not appear to be adequate to the needs of instruction in that subject. Another Department of Education official will conduct a visit in the near future to develop more specific details of action which must be taken to have this facility approved.

11. A guidance counselor with at least twelve semester hours of graduate-level guidance courses must be assigned to at least two periods daily of counseling.

12. The present building is a wooden frame structure with one central staircase servicing the entire top floor. Should this staircase be blocked off in case of fire, there appears to be a real problem of escape for pupils and the staff in the two east rooms currently assigned to English and business. This notation is being made here simply to document that it was of concern to Department of Education officials who visited the building. On October 16, 1962, the Department requested the State Fire Marshall to inspect the building in the near future, particularly noting the lack of fire escapes on the east side of the building.

ACTION RECOMMENDED

1. The present organization of classes in English is not a good educational arrangement; it places a hardship on teachers and pupils alike. Separate grade and achievement levels would provide more satisfactory instruction. Of immediate

concern would be the re-organization of the college preparatory ninth and tenth grade class to provide two separate classes.

2. For the number of students involved in the total program, it would be more economical to offer one language rather than two, preferably French. Reducing the number of language offerings could contribute to a strengthened foreign language program in addition to more efficient use of the teacher's time.

3. The general tone of the homemaking room should be improved. Adequate storage should be provided for pupil projects as well as those general in nature; the room should be brightened. The general appearance of such a facility should serve to set good examples for girls who some day will be required to maintain a comfortable and efficient home.

4. Storage space in the science laboratory is not adequate, with a need for more equipment for biology and physics.

5. A four-year sequence in social studies would be desirable for all pupils. Consideration should be given to increasing the number of history courses available, based on careful study of total needs.

6. With over 150 hot meals now being served daily, provision should be made for an automatic dishwasher. The present sink arrangements are entirely inadequate and should not be tolerated.

7. Consideration should be given to acoustical treatment of certain of the classrooms, particularly to those on the second floor which are separated only by a partition. Teaching effectively under conditions in which voices carry from one room to another becomes extremely difficult in terms of holding pupil interest.

8. There is concern that the present arrangement for storing lumber in the shop is not desirable. Lumber is stored in the space above the shop and requires the use of a step-ladder in storage or removal procedures.

THE ALTON SCHOOL DISTRICT PROPOSED PLAN TO MEET MINIMUM STANDARDS

The following courses are proposed under each area in compliance with the minimum standards for an approved Comprehensive High School.

Academic or college preparatory subjects

(Require a minimum of 17 offerings each year)

(A) indicates College division; (B) indicates non College

1. English 9A
2. English 10A
3. English 11-12A (Alternate grade 11 English with grade 12)
4. French I
5. French II
6. French III
7. French IV
8. Latin I (Latin II offered 1964)
9. Biology A
10. Chemistry (Physics alternate 1964)
11. Algebra I
12. Algebra II
13. Geometry
14. Advanced Math
15. U. S. History
16. Contemporary Problems (Sociology Alternates 1964)
17. Consumer Economics (World History Alternates 1964)

Non-College

(Minimum of 8 required)

1. English 9-10B (Alternate grade 9 with 10)
2. English 11B
3. English 12B
4. General Science
5. General Math
6. Civics
7. U. S. History
8. Biology
9. General Math II

Practical Arts

(Minimum of 14 required to include three fields)

1. Typing I
2. Typing II
3. Office Practice
4. Shorthand
5. Bookkeeping
6. Home Economics 9
7. Home Economics 10
8. Home Economics 11
9. Family Living
10. Shop 9
11. Shop 10
12. Shop 11
13. Shop 12
14. Mechanical Drawing

Fine Arts

(Minimum of 3 offerings for credit at least one in Music and one in the Visual Arts.)

1. Music Appreciation
2. Band-Chorus
3. Art

This program will necessitate the hiring of two additional teachers and also demands two periods of guidance, one library (see report of State Department).

The teaching assignments required to implement this program are given below. (No teacher may be assigned more than five preparations per day).

1. Principal—Full Time Supervision and Administration.
2. Teacher A—English 9A, English 10A, English 11-12A, English 12B, Latin I.
3. Teacher B—Biology A, Contemporary Problems, Science 7, Science 8, Biology B.
4. Teacher C—Core Program 7, Core Program 8, High School Library.
5. Teacher D—Typing I, Typing II, Office Practice, Shorthand, Bookkeeping.

6. Teacher E—Home Economics 9, Home Economics 10, Home Economics 11, Family Living, Civics.
7. Teacher F—French I, French II, French III, French IV, Consumer Economics, Guidance.
8. Teacher G—Band 7-8, Band 9-12, Chorus 7-8, Chorus 9-12, Music Appreciation.
9. Teacher H—Algebra I, Algebra II, Geometry, Advance Math, Chemistry.
10. Teacher I—Shop 9-10, Shop 11-12, Mechanical Drawing, Shop 7-8, Guidance.
11. Teacher J— Math 7, Math 8, General Math I, General Math II, General Science.
12. Teacher K—English 9-10B, English 11B, U. S. History A, U. S. History B, Art.

The philosophy upon which these standards are based and upon which the proposed program is based can be summarized briefly: "We recognize that the school must meet the needs of many individuals with widely varying skills, capabilities, and interests. We conclude that this can be done only when the school provides, through its program, its services, and its staff, sufficient diversity to permit secondary school education to have real meaning for each boy and girl."

(Minimum Standards and Recommended Practices 1963).

In closing, we solicit the support of parents, business men, citizens and all other agencies in our common effort to improve our greatest natural resource, the boys and girls of Alton.

Respectfully submitted,

HOWARD F. KELLEY,
Superintendent of Schools

IV. REPORTS

A. REPORT OF THE HIGH SCHOOL PRINCIPAL

In this report Alton General School is considered as grades seven through twelve and Alton Memorial School as grades one through six.

During this school year we have added music instruction in the classroom of grades four, five, and six. Mr. and Mrs. Wilbert Nutter now have three bands, three choruses, and the added classroom instruction.

Mr. Raymond Plante has increased his time devoted to guidance to at least one period daily. Both Mr. Plante and Mr. Flaherty share time with educational, vocational, and personal guidance. The eighth grade this year added the statewide Testing program replacing the Iowa Basic Skills Test which will be dropped. Grades 3 through 7 will continue the Iowa Tests.

Block Time in Junior High English and Social Studies was tried and found to be an improvement over complete departmentalization. The Block Time of two subjects cushions the change for a self-contained room to a departmentalization situation.

Mathematics has undergone a revision. For the first time Algebra I, geometry, Algebra II, and advanced math are offered in sequence. This change is felt necessary because of the added geometry in modern Algebra II. Junior High mathematics has been studied and changes made in line with modern finding. Scott-Foresman's revised arithmetic "Seeing Through Arithmetic" has been used in grades one and two in the Memorial School and grades 7 and 8 in the Junior High.

In grades one, two, and three the phono-visual method of teaching phonics is being used in conjunction with the basic reader of Scott-Foresman. Ginn Basic readers have been added to supplement Scott-Foresman in grades one through six.

Respectfully submitted,

MATTHEW J. FLAHERTY,
Principal

V. WARRANT

TENTATIVE SCHOOL DISTRICT WARRANT

To the Inhabitants of the School district in the town of Alton, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Memorial School Auditorium in said district on the 16th day of March 1963, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the voters will raise and appropriate the sum of \$1,000 to obtain preliminary plans and cost estimates for determining school building needs, and to authorize the School Board to employ an architect for this purpose.
10. To transact any other business which may legally come before said meeting.

GLADYS HOWE,
JUDSON DOWNING,
STANLEY SANBORN,
School Board
